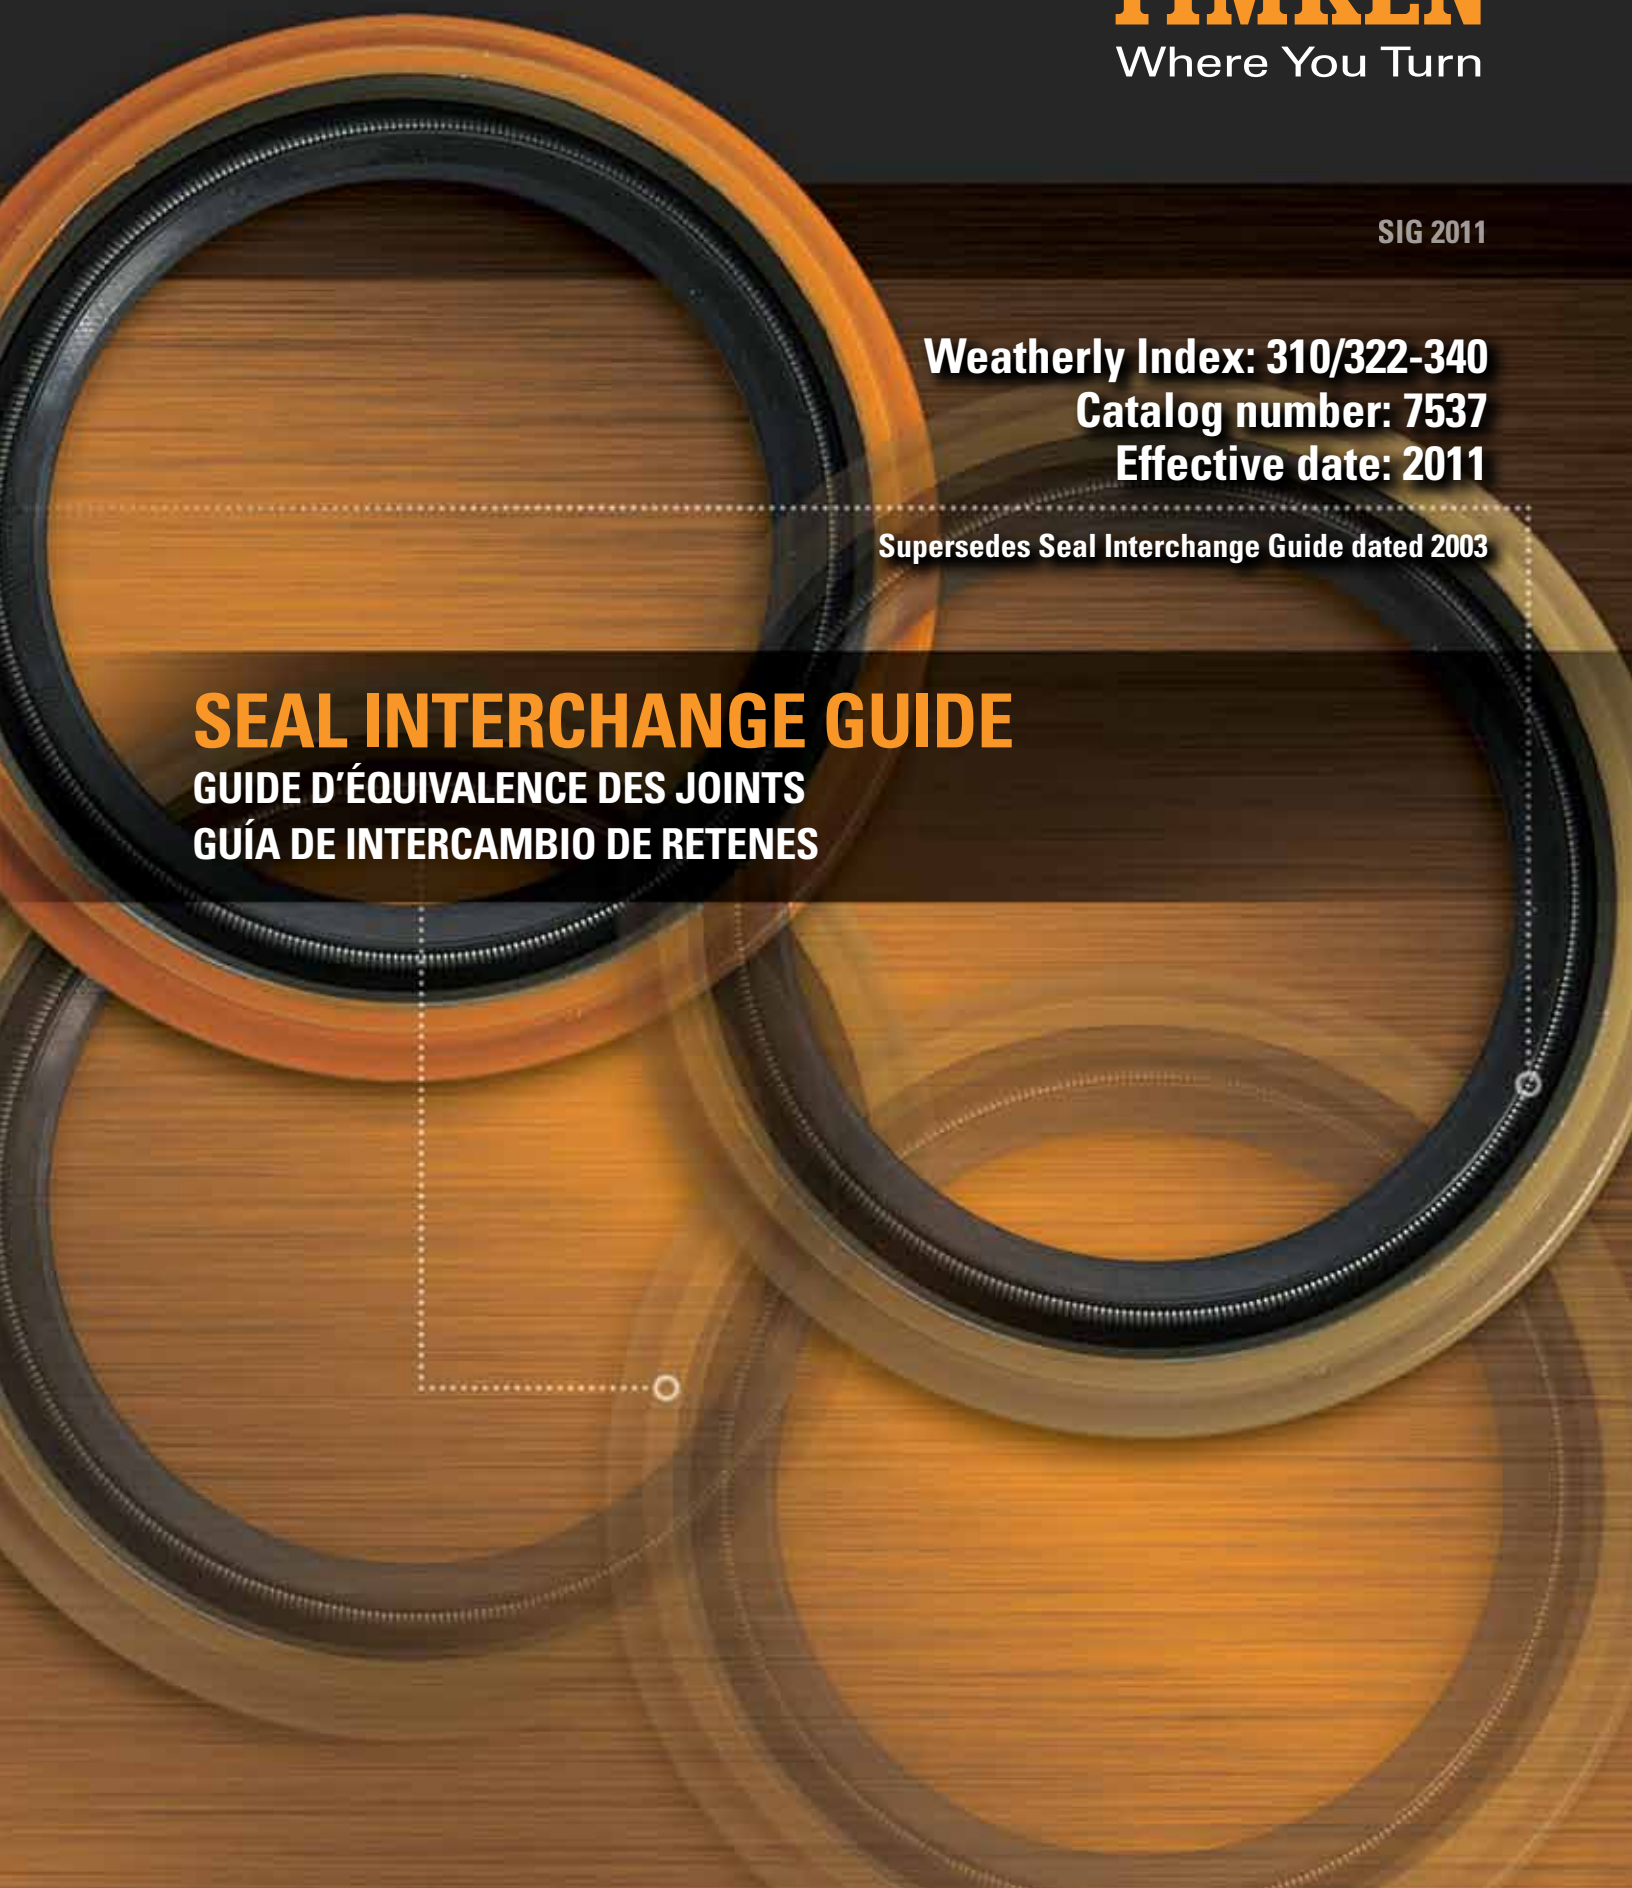
SEAL INTERCHANGE GUIDE

GUIDE D'ÉQUIVALENCE DES JOINTS

GUÍA DE INTERCAMBIO DE RETENES



HOW TO USE THIS GUIDE

The Timken seal interchange lists manufacturers' part numbers, manufacturer name and the corresponding Timken part number.

It is arranged in numeric-alphabetical sequence.

Numbers are sorted ahead of letters in the same position; hyphens precede numbers or letters in the same position.

Part numbers beginning with a number are listed in the first part of the book, part numbers beginning with letters are listed in the second part.

EXAMPLES:
Characters are sorted from left to right, smallest to largest, A-Z.
Example: 6675516 precedes 6760

Where there are hyphens in the part numbers, the hyphen is sorted before a number or letter in that same position.
Example: 005-997-9846 precedes 00610

When the part numbers contain both numbers and letters, the numbers are sorted ahead of the letters.
Example: 11126 precedes 1A3253

Every reasonable effort has been made to ensure the accuracy of the information contained in this writing, but no liability is accepted for errors, omissions or for any other reason.

POUR UTILISER CE GUIDE

Le Guide d'équivalence des joints Timken répertorie les noms des fabricants, les numéros de référence de leurs pièces et ceux des pièces Timken correspondantes.

Cette liste est organisée par ordre numérique et alphabétique.

Les chiffres sont triés avant les lettres au même emplacement ; des tirets précèdent tout nombre ou lettre au même emplacement.

Les numéros de référence commençant par un chiffre sont répertoriés dans la première partie du manuel ; ceux qui commencent par un caractère alphabétique sont indiqués dans la seconde partie.

EXEMPLES :

Les caractères sont triés de gauche à droite, du plus petit au plus grand et de A à Z.
Exemple : 6675516 est placé avant 6760

Lorsqu'un numéro de référence inclut un tiret, ce dernier est trié avant le chiffre ou la lettre au même emplacement.
Exemple : 005-997-9846 est placé avant 00610

Lorsqu'un numéro de référence contient des nombres et des lettres, les chiffres sont triés avant les lettres.
Exemple : 11126 est placé avant 1A3253

Malgré le soin apporté à l'exactitude des informations contenues dans ce document, Timken déni la responsabilité pour toute erreur, omission ou pour toute autre raison.

CÓMO USAR ESTA GUÍA

La guía de intercambio de retenes incluye los números de parte de los fabricantes, el nombre del fabricante y el número de parte Timken correspondiente.

La información se encuentra en orden alfa-numérico.

Los números están ordenados después de las letras en la misma posición; los guiones preceden a los números o a las letras en la misma posición.

Los números de parte que inician con número están enlistados en la primera parte del catálogo, los números de parte que inician con letra se encuentran enlistados en la segunda parte.

EJEMPLOS:
Los caractéres están ordenados de izquierda a derecha, del menor al mayor, y de la A a la Z.
Ejemplo: 6675516 precede a 6760

Si el número de parte contiene guiones, el guión se ordena antes del número o la letra en esa misma posición.
Ejemplo: 005-997-9846 precede a 00610

Cuando el número de parte contiene ambos, números y letras, los números se ordenan antes que las letras.
Ejemplo: 11126 precede a 1A3253

Se realizó todo el esfuerzo posible para asegurar la precisión de la información que aparece en este catálogo, sin embargo, no nos hacemos responsables por errores, omisiones u otras razones.

NOTES

NOTES

The Timken Company is committed to providing industry leading products and support to our distributors. We take pride in giving you the resources to conduct business with us anytime, anywhere. To that end, we proudly offer an array of customer and technical support options to help you get the information you need.

www.Timken.com/aftermarket is your one stop location for all your Timken aftermarket needs. On this site you can learn more about Timken products, get technical information on our products removal, installation and maintenance. Additionally, from this page you can link to timkeninfo.com and timkenstore.com as well as get information on our full line of antifriction products.

www.TimkenStore.com is your online source for conducting business with The Timken Company via the internet. At TimkenStore you can:

- Check Order Status and Availability
- Manage Inventory: Category Management
- View Part Announcements and Bulletins
- Check the Customer Document Center

www.TimkenInfo.com is a resource for searching and interchanging part numbers. You can search by part number, find part details or lookup your application by year, make and model. This site contains information on all parts offered to our aftermarket customers. It features torque specification data for wheel-end applications to help your customers do the job right the first time.

www.Timken.com/techtips is an online library of maintenance tips for the removal, installation, maintenance and lubrication of Timken's broad offering of products. With tips geared toward both automotive and heavy-duty applications, this is a valuable resource to improve your know-how and increase your value in the eyes of your customer.

U.S. automotive customer service: 877-484-6536
U.S heavy-duty customer service: 800-859-3300
Canada customer service: English: 866-527-5973 French: 866-527-5974
